

## I Wouldn't Have Known

Joy Davis © 2003

### Verse 1

I wouldn't have known how to ask  
For all of the blessings I have  
I couldn't have seen from the past the present's perfection.  
I wouldn't have known what to do to make all my best dreams come true  
'cause even my best dreams fall short of Gods conception  
I wouldn't have known..

### Verse2

I couldn't have called this success  
This pile of songs on my desk,  
No fortune or fame but I go to bed happy.  
I wouldn't have asked for the spills  
Only the glitz and the thrills  
The title I lost paved the way for the name life meant for me.  
I wouldn't have known

### Chorus

Oh Yes I ask for blessings  
My view from here is flawed  
So I keep my eyes on the next step and leave the grander plan to God....  
I wouldn't have known.

### Verse3

Would I have this love warm and true?  
No, I would have walked right past you.  
Cause back then I saw from the view of my history.  
Then I said I'm ready to feel  
The things that I need so, I'll heal  
And when I opened my eyes  
You stood there before me.  
I wouldn't have known.

### Chorus

Oh yes I ask for blessings,  
My view from here is flawed,  
So I keep my eyes on the next step and leave the grander plan to God... To God  
I wouldn't have known.

I wouldn't have known how to ask  
For all of the blessings I have  
I couldn't have seen from the past the present's perfection.  
I wouldn't have known.
